EARTH

DIALOGUES - BRISBANE, 21-24 July 2006.

"Many shall be purified, and made white, and tried; but the wicked shall do wickedly: and none of the wicked shall understand; but the wise shall understand."

Daniel 12:10.

A Summit of the Global Government was held here in Australia this July.

This was the first time Earth Dialogues has assembled outside of Europe. Mikhail Gorbachev was the top keynote speaker – along with many other world leaders from the New World Order. Our small group of Christians sat through days of deception in shocked dismay, but there was nothing we could do but pray for the people of our sad country. Those who are wise, under God and who fear Him, understood what the summit was about, the unsaved were deluded and like fish caught in a net.

Will any heed this warning?

Perhaps only a few, but it must be given for this Earth Dialogues was like an invasion from foreign forces.

How soon will it become clear to our country just what is happening here?

The sting is such a clever con-job, use of emotions and fear to send people rushing to accept global government or we will all perish! The sky is falling Henny Penny. Well, shall we get closer in on this astonishing summit – what actually took place?

The World Forum was held in Brisbane's City Hall, with further Climate Change Summit at Parliament House, Brisbane, 25th to 26th July 2006.

It was officially presented as:

A World Forum for Resource Management and Sustainable Development Chaired by President Mikhail Gorbachev, Green Cross International and the Hon Peter Beattie MP, Premier of Queensland.

The Lord Mayor of Brisbane, Councillor Campbell Newman attended (also a speaker), as did the Governor General of Australia – Michael Jeffery. From around the world speakers were assembled: Japan, China, Moscow, Iran, Ireland, India, and of course Australia itself. It was all so caring, so responsible, so gentle, and loving. The talk of "caring for the environment" was heart-warming to the attendees, many were children, and they all left that forum with a zealous determination to "make a difference" for the earth's sake swelling in their bosoms - for sure. So well presented, with just the right touch of deep concern and truth-at-last statements. We were even encouraged to stand up and hug one another by Betty Williams, a keynote speaker from Ireland. They did not have trees inside City Hall or I am sure they would have been hugging them as well!

THE HIDDEN AGENDA is more hideous because of the sweet, loving package it was sold to us in.

First of all we should consider:

- Who are these people who were in force at the forum honoured by our civic leaders?
- Why were they really here?
- What does the future hold for Australians because of this intrusion upon our shores?

WHO IS MIKHAIL GORBACHEV?

As Chair of **Green Cross International** Gorbachev has huge influence still on this planet. He is not a has-been, filling in his time with altruistic endeavours in his old age. He is a Leninist Communist, always has been, and always will be. He works with such men as

- **Henry Kissinger,**
- **Maurice Strong, and**

shops/seminars. Meditation techniques, subliminal tapes, altered states, paganism and ancient heathenism is all happening within school structures. What is simply witchcraft is being taught in our schools, bringing students and teachers under the spell of the New Age New World Order. We are encountering the "charm" and "reasonableness" of the Antichrist system, as Australia is fully drawn into the environmental frauds of the global government, and its tool the U.N.

GLOBAL WARMING IS BEING HEAVILY PUSHED UPON OUR CHILDREN. THIS IS A FEAR TACTIC!

(USA investigator Samantha Smith's DVD material clearly covers this aspect from her own experiences in UN global government school structures. Operating in Australian schools, send for it).

PRAYER to Almighty God can save your children and grandchildren from these evils. Seek to inform others of what is occurring. Enlighten families, they are in grave danger.

Christians must stress, especially to children and young people, that the environmental problems which have been caused by the crazy pollution of natural resources, all brought about by the human race, cannot be solved by all nations forming a global unity and trying to stop wars. Only the Return of the Lord Jesus Christ and His coming global reign can solve these problems.

Christians must stress that peace and justice can never come to this planet until the Lord Jesus Christ comes back and reigns on the earth, bringing Almighty God's rightful Sovereignty over earth.

"Thy kingdom come, Thy will be done, on earth as it is in heaven." Christians, spread the glorious Gospel of the Lord Jesus Christ, there is no time to be lost.

"Why do the heathen rage, and the people imagine a vain thing?

The kings of the earth set themselves, and the rulers take counsel together, against the LORD, and against his anointed, saying, Let us break their bands asunder, and cast away their cords from us. He that sitteth in the heavens shall laugh: the Lord shall have them in derision." Psalm 2:1-4.

"THE EARTH

Psalm 24:1.

What is the new political agenda?

Earth Dialogues, Brisbane stressed the coming merger of political dictates, as though the speakers were just thinking through these ideas with the attendees' approval. No more "left" or "right" sides of politics. "That's what we want, isn't it children?" But, this is what is called "communitarianism" or The Third Way. It has been all worked out before, it is NOT some brilliant idea suggested at little Brisbane, Australia, folks! The children of our country did not invent this notion. It is basically reinvented communism, a form of Fabian Socialism.

Writes Joan Veon,

"In this philosophy, individualism and individual rights have to fade away."

It will make the tyrannical, cruel political beliefs of Marx and Hitler look like kind regimes in comparison.

Is peace really what these people want?

The children of Australia are being taught that peace and justice can only come if the United Nations and all the organizations, treaties and laws of the globalists are accepted and adhered to by our government. They are being taught that they must REVOLT against our national rule; take over in civil disobedience, if the adults, parents and government do not yield. The children are being brainwashed into global propaganda that is so shocking, and deceptive, that they cannot avoid becoming a YOUTH FORCE for the new world global government! The children are being convinced that if they do not become activists for the global government, there will be no world for them to live in!!!

These global power dictators do not want peace, although they cry "peace and justice" so consistently. They are bringing DEATH – there can be no peace and justice under a hideous regime such as the new GLOBAL GOVERNMENT brings.

WHAT CAN AUSTRALIANS DO?

We are entering fully now into a world of CHANGE. We are increasingly being told that all must CHANGE, or die. Governments must change, religions must change, civil society must change, nation-states must change, they can no longer cope. Politicians do not have the answers, only the GLOBAL GOVERNMENT can handle the crisis on earth – so say Gorbachev and his co-conspirators. Do not support this regime; it is like rushing from the fire into a furnace! The global agenda of the United Nations, with Green Cross International and the Earth Charter, are NOT the loving, gentle answers to the earth's problems. Not a lamb, but a lion with wide-open mouth and huge teeth!

Children here are being programmed, irresistibly, by sophisticated indoctrination programs. Christians are not immune. Teachers have been brainwashed by the New Age techniques through in house training work-

• **Stephen Rockefeller** to create a New World Order.

He is here in Australia with these major aims:

- To push the EARTH CHARTER;
- To establish an office of **GREEN CROSS INTERNATIONAL** in the Asian Pacific region;
- To implement **INTERNATIONAL LAW** under the United Nations;
- To indoctrinate the young into his horrendous environmental beliefs, to gain their allegiance.

500 children attended the Monday July 24 sessions, and it was broadcast live to 10,000 school children here. They were taught a song at one session,

"Love Gorbachev, Love GCI, Love the Earth Charter, Love the UN."

With huge-screen videos of Gorbachev and his wonderful exploits still in their impressionable minds, shown earlier, our youth were being manipulated into the murky depths of the New Age New World Order. A few facts here should bring sense into this situation:

The Earth Charter is the invention of Gorbachev, New Ager Maurice Strong and Stephen Rockefeller. From Biblical Discernment Ministries Roman Catholicism/General Notes, Revised August 1997:

"Once adopted, the Charter would be the basis for new global, national, and even local laws. Steven Rockefeller, chairman of the Rockefeller Brothers Fund is supporting Earth Charter activities in 10 Third World countries. Global Education Associates and the Temple of Understanding – interfaith organizations that actively support the URI [United Religions Initiative] – also promote the Earth Charter."

***Access Despatch website above (or get a CD to use offline), for the YEARS of material on these subjects**

This is not about the environment; it is about CONTROL and global conquest by the international power elite.

"The environment crisis is the vehicle upon which the New Age movement, the New World Order...plan...to move the world to global government..." and they are trying to engage us this process. Gorbachev, too, has said that we need an environmental crisis."

(Dr Cathy Burns, Billy Graham and His Friends, P. 344).

Gorbachev's Earth Charter does not mention in any way the God of Creation, those who are not merely atheists have created it, and they claim that the earth is ALIVE. The Earth Charter is a religious crusade, and it is about occultism ruling the planet. GAIA Mother Earth is a sacred Goddess to these global leaders.

Is Gorbachev still a Communist?

Let his own words tell the tale.

From his SPEECH before the Politburo November 1987:

"Gentlemen, comrades, do not be concerned about all you hear about glasnost and perestroika and democracy in the coming years. These are primarily for outward consumption. There will be no significant internal change within the Soviet Union, other than for cosmetic purposes. Our purpose is to disarm the Americans and to let them fall asleep. We want to accomplish three things: One, we want the Americans to withdraw conventional forces in Europe. Two, we want them to withdraw nuclear forces from Europe. Three, we want the Americans to stop proceeding with Strategic Defense Initiative."

(Emphasis in the original). **Russian Strategic Deception: The "New" Communist Threat**, The McAlvany Intelligence Advisor, January 1994. P.1.

Gorbachev made a speech to Russian students on November 15, 1989, and he said:

"We are for Lenin, who is alive... in the building of our future we are basing it on the gigantic intellectual and moral potential of the Socialist idea united with the theory of Marxism-Leninism.... We see no rational reason to give up the spiritual riches of Marxism. To achieve this the Communist Party of the Soviet Union must return to the roots and principles of the Bolshevik Revolution, to the ideas of Lenin on the building of a new society." (Gary Allen, *The Rockefeller File*, p.81).

No wonder the Earth Dialogues forum was so anti-capitalism, anti-USA, filled with hatred towards the Americans. At one stage, the Irish woman **Betty Williams** (Nobel Peace Laureate) cried out in a session addressing our schoolchildren, **"I could kill George (W) Bush!"** The whole of the auditorium rang out with cheers from teachers and children. This was a programmed response, our school kids have been brainwashed by Reds!

Isn't this almost an attack on the Australian leadership?

How crazy can this get?

The Governor General came and deferred to Gorbachev, an anti-American Leninist, whose organization denounces and cries hatred against the USA President, even to cries of murdering him, and our Prime Minister John Howard has made our country military partners with the USA in its "liberation" endeavours. Isn't this an act of treason against our own government? What is going on here? Not that the writer supports the violence in Iran or Iraq, it is just that it is inappropriate for these Earth Dialogues Communists to take our City Hall and our civic leaders and denounce Australia's allies, the USA. On the grounds that this is an international forum.

Will they be crying out for the blood of our Prime Minister as well?

The **WORLD BANK** has divided up the resources of the world like this:

NATURAL CAPITAL –
the minerals of the earth, water, forests, anything natural.

MANUFACTURED CAPITAL –
anything build, such as roads, buildings, homes, etc.

HUMAN CAPITAL –
every living person on the earth, including their age, health experience, education, and ability to work.

SOCIAL CAPITAL –
how people think, that is, politically correct thinking.
(Emphasis added, researched from Veon material).

Can you see that under **"sustainable development"** the first ones to go to a **"dutiful and honourable"** death as **"unproductive"** and **"useless eaters"** will be those who are on pensions, who are out of work, are sick or elderly, unwanted unborn babies, or those who do not accept the Luciferian, neo-communistic **"new world"** with its philosophies and religions?

Be warned, our children here in Australia are being impelled into the dictates of "sustainable development" in a BIG WAY! It has not started nor stopped with the Gorbachev forum! This is global education from UNESCO, in our schools.

What is the Universal Declaration of Rights?

The children here in Australia, and globally for that matter, are being trained up to demand that the Universal Declaration of Rights control all that we do and say.

What is this?

This declaration takes away the rights of humans, it does not render to them added rights! It makes the U.N. doctrine the LEGAL STANDARD of Australia, this is happening already of course, but more control is coming making all Australia's policy and legislation internationally and legally under the U.N. It creates a massive oversight agency, which monitors national and state federal laws so that ALL comes into compliance with ratified and unratified U.N. treaties. The INTERNATIONAL CRIMINAL COURT deals with those who transgress against the U.N.

The International Criminal Court was mentioned briefly at Earth Dialogues, Brisbane, but the forum was so **"sweet"** and it seemed to be all about fluffy animals and loving endeavours to **"save the planet"** - and few noticed the slip! The Court was set up in 1998, after fifty years of manipulating and planning. It will have the power to completely walk over the sovereignty of individual nations and arrest anyone who is considered to be guilty of a crime against the United World Government.

21

coined from the UN Agenda 21; it was unveiled in Rio Earth Summit back in 1992. In a nut-shell, the belief is that the world has too many people, and the resources of the planet cannot cope, there will soon be no food, water, energy, or clothing for the coming generations, and Mother Earth (considered a Living Entity by these occultists) will have died away, killed by pollution. Something must be done to “sustain” planet earth. The biggest part of sustainable development is the REDUCTION OF THE POPULATION.

The world is seen rather like a business that must become viable. There are too many unproductive eaters, such as babies and the elderly, mentally deficient, and physically handicapped people to mention just a few. Deliberate culling of the population is going ahead, planned diseases and pandemics, planned genocide by wars etc, abortion is encouraged, homosexuality is deemed suitable as this sexual lifestyle cannot bring forth offspring in a “crowded” world, euthanasia programs abound. The cold economic mind-set of the global elite, who are bringing sustainable development to our world, cannot be envisioned without horror.

New Ager Jacques Costeau has said,

“three hundred and fifty thousand people would have to die each day in order to get population figures down.” (Joan Veon).

Prince Philip is reported to have declared that if he were reincarnated he would come back as a virus to reduce the population.

The New Age New World Order involves mystical evolution and reincarnation. It is considered an honour and a duty by many global leaders for people to DIE so that Mother Earth, Gaia, can be saved. The original aim, at the end of the 20th century, was for two thirds of the earth’s population to be eliminated by 2010! Each much consider themselves expendable – for the good of the whole, that is the sentiment! I have yet to see Prince Charles and his family ready to be eliminated, however, or the Rockefeller family or the Bush family!

This comment by a researcher who has attended perhaps close to a hundred United Nations Summits and Forums, a Christian Joan Veon, is chilling and challenging:

“I have seen over and over again that a person’s worth is now attributed to his or her production! The bigger producer you are, which means the more toys you can buy, the greater your value. Not much attention is paid to the morals by which the sales are made.

The above is in direct conflict with God’s plan of creation and basically is an excuse to take control of the earth’s resources so as to preserve them !!! Those who have orchestrated the control are the ones who enjoy the ‘fruits of their labor’ while you and I starve.”

(Joan Veon, United Nations: A Global Straitjacket p.p.170-171).

All this in the name of “save the environment”, the sky is falling, there is a hole in the Ozone Layer. Oh yes, this old chestnut is still around in 2006. The proverbial “hole” was mentioned with baited breath at the Forum.

A fifteen-year-old student from Queensland Sunshine Coast was used to indoctrinate our country. Her name will be withheld, as she should not, as an innocent victim, be included here. She has been named the Youth Ambassador after winning a speaking competition. Part of her address at the conference, which was supposed to be all her own thought, was this startling political time bomb:

“The real answer to environmental sustainability is firstly bringing about A HUGE SOCIAL SHIFT.” (Emphasis added). Yes indeed, this is the plan, huge indeed. A new Global Governance (Government) set up by the Internationalists. The children were urged to even have a sham religious-like mission that includes almost civil disobedience in order to force the government to come under International Law, and to endorse the Earth Charter.

They were told that they had the “knowledge” and their parents and other adults need their leadership into the proper ways ahead. Teach them, these ignorant adults, they must see the imperative to leave national sovereignty behind and embrace the totalitarian rule of the benevolent United Nations. The sky is falling, kids. This is crisis time.

Echoes of Hitler youth?

SOME OF THE OTHER SPEAKERS!

One of the keynote speakers DR MASSOUMEH EBTEKAR was the first female Vice President of the Islamic Republic of Iran. On the official blurb of the Earth Dialogues booklets she is lauded as a “**Champion of the Earth**” she earned this award from UNEP. At the Earth Dialogues forum, a group who represented the Iranian Community in Brisbane handed out leaflets against this woman. An Iranian man now living in Australia protested with fervour during one session, but was removed hastily after getting out a few sentences. He urged Australians to refuse to permit such people to speak in our free country, as they are using the environmental movement to bring in political bondage.

Here are some of the pertinent details about this woman

(extract from above leaflet):

“Massoumeh Ebtekar was known as ‘Mary’ during the hostage crisis 25 years ago when she was the spokesperson for the student hostage-takes. As a Spokesperson for the hostage-takers who captured the U.S. Embassy in Tehran in 1979, she once told an ABC television

correspondent that she was personally willing to take a gun and kill the hostages (New York Times, January 28, 1998).

"The appointment of a woman, Massoumeh Ebtekar, as Deputy for Environmental protection, was supposed to reflect 'moderation' and Khatami's attention to women's rights but this woman is no 'moderate,' and is notorious as a staunch advocate of suppressing women's rights. In an interview with Die Tageszeitung (a Danish television station), Ebtekar defended discrimination against women and medieval punishments, like stoning."

Another keynote speaker was MS BETTY WILLIAMS from Ireland. She is the President and Founder of World Centres of Compassion for Children International. This activist told our children she could kill George (W) Bush, and showed intense dislike for the USA, and used fear very effectively against our Australian children.

How did she do this?

She told horror stories of bombs blowing up children, of ghastly cancers caused by nuclear pollution, and of environmental disasters that would eventually destroy the planet - to get the children to join forces with the UN against our nation's sovereignty and nation-state standing. She made it look criminal for Australia to remain in control of its own nation, and to make it seem a matter of life or death for the planet that Australians must come under International Law. The Criminal Court of the global "governance" was mentioned somewhere along the lines, possibly by one of her fellow speakers. This woman is a Nobel Peace Prize Laureate – peace, peace when there is no peace?

MAURICE STRONG was advertised along with the original material sent out for Earth Dialogues. He did not put in an appearance for the general populace who attended, perhaps he was otherwise engaged with our leaders somewhere else! **Who is this man?**

A New Ager, on the board of the New World Order World Future Society, Strong is a powerful globalist who is featured heavily in The Gaia Peace Atlas, which is a living earth publication. These sort of remarks abound in the atlas, *"Every part of this earth is sacred to my people... The sap which courses through the trees carries the memories of the red man..."* *"The Gaia Principle, named after the Earth Goddess of the ancient Greeks..."*

He was the UN Secretary-General of the 1972 Stockholm Conference on

"Lucifer and Christ are twin sides of the demiurgic power of the manifest universe...."

(Cited Dr Cathy Burns, Billy Graham and His Friends, p.133).

ALL the New Age New World Order notables are interacting with Green Cross International – (see Wayne Griswold The Fallacy of New Age Environmental Concerns)- Green Peace, the Club of Rome, The World Wildlife Fund, actively support and work with Green Cross International..

What is The Earth Charter?

Do you want your children signing The Earth Charter for Children?

To do so is like signing up with Satan! It is marketed as a Bill of Rights for the planet, rather like a new 10 commandments for the world. However, there is no God in it! To sign it is to agree to CHANGE of laws nationally, right down to laws locally - a doing away if you will of our constitution as a Nation-State. Gorbachev describes this Charter as a new set of rules to guide humanity. It has been designed to govern mankind in the 21st century.

The United Nations is already administering many hundreds of environmental treaties. Gorbachev and the UN are simply biding their time until FULL ENFORCEMENT of their programs can plunge the earth into a dark age of total control. Such programs that really destroy human rights are conventions on Climate Change, Biodiversity, Ozone Depleting Substances, World Heritage Sites, Endangered Species, Wetlands, and many more. All of these cannot compare with the power that The Earth Charter will wield! The ecology and environment are being used to gain unparalleled power over humanity. Do not sign The Earth Charter, as an individual, warn your children. It is considered by New Age environmentalists to be the most serious document on global unity, under the environmental frauds, that exists.

The U.N. through summits and international meetings, spear-headed by Gorbachev, Maurice Strong (hugely powerful New Age leader), Henry Kissinger and their closest cronies, has formed The Earth Charter over many years. Joan Veon, international investigator, can testify that the Global Government is already in active operation across the planet.

What is Sustainable Development?

This term "sustainable development" was repeated many times during the Earth Dialogues Forum in Brisbane, July 2006. The school-children were heavily programmed into the doctrines of "sustainability." We must realise what this term is about, how expansive and ominous are the proposals under this UN monstrosity. To understand fully many books could be cited here, many explanations given, but for a succinct explanation, it is difficult, here goes:

"Sustainable Development" is a New World Order term that was

Gorbachev has a headquarters called PRESIDIO in the USA. "Presidio" is Spanish for "fortress." The word "Kremlin" means "fortress." The executive committee of the Soviet Union was called a "Presidium." The Presidio is the headquarters of the new "World Church" of Illuminism, a union of all the occult, heathen, liberal, and satanic religions on the planet.

The head of the Gorbachev Foundation was at one time, perhaps still is, Jim Garrison, who is an occultist and was once head of the New Age Esalen Institute. From researchers we find that Esalen is:

"a mind-control organization involved in conducting experimental psychological techniques in American school classrooms. Garrison is also President of the Shevardnadze International Foreign Policy Association, which he runs from the same office in the Presidio, the closed US military base in San Francisco."

(The McAlvany Intelligence Advisor, March 1995, p. 13).

WHAT ARE THE MAIN TERMS & ORGANIZATIONS IN THIS PROGRAM FOR ENLISTING OUR YOUNG IN WAR AGAINST OUR COUNTRY?

What is Green Cross International?

The young people of Australia are being urged to join Green Cross International.

We need to know what this organization actually is:

Gorbachev has been campaigning worldwide calling for gigantic environmental reforms due to the "crisis" of the planet. He is saying to the world, including Australia, that The Earth Charter is the only hope for our world. He is behind a huge thrust to "educate" the planet into changing values, laws, and structures. He has a special endeavour, which he presents as the answer to the world's problems – Green Cross International. Many, many countries are already involved actively with Green Cross International.

G.C.I. is the forefront action group for implementing The Earth Charter.

Who formed up G.C.I.?

It is an offspring from the GLOBAL FORUM, a New Age religious and political movement connected with the Luciferian PLANETARY CITIZENS. James Parks Morton as a member of this organizations, and many more, has stated that all religious groups are "increasingly being called to realize that the body of Christ is the earth – the biosphere – the skin that includes all of us." (Robert Sessler, To be God of One World: The French Revolution Mobilized. P.142). These people openly supported Benjamin Crème a New Age "warlock" a Goddess Earth worshipper, mixed up with the Skull and Bones, the Illuminati, and Luciferian David Spangler. Spangler wrote this:

the Human Environment, the first Earth Summit; and the 1992 Rio Earth Summit. He is a member of the Commission on Global Governance; and overseer of U.N. Reforms initiative.

Maurice Strong is working to take away our national sovereignty!

Here is a quote from this global government man:

"It is simply not feasible for sovereignty to be exercised unilaterally by individual nation- states, however powerful. It is a principle which will yield only slowly and reluctantly to the imperatives of global environmental cooperation." (Quoted: The New World Religion, by Gary H. Kah, p.p.292, 293).

SEE THE CURRENT DESPATCH VOL.18:3 FOR INFO RE STRONG'S BUYING & SELLING GLOBAL UNDERGROUND WATER SUPPLIES.

Did the reader ever vote these people into office over our country and us?

Do NOT sign the Earth Charter; this is an agreement to yield to the dictates of this evil, godless regime that is emerging in power right now! We have expose the evils of the Earth Charter for many years in Despatch magazine, search our website.

[See Despatch Vol. 18:3 for Strong's involvement in buying up very large areas of WATER overseas]

BACK HERE IN QUEENSLAND.

- The Lord Mayor of Brisbane, Campbell Newman, spoke at the beginning of the Earth Dialogues Forum. He used all the global government phrases, like a good little global boy, "**climate change**" "**sustainable development**" "**new vision and new future**" – and **SMART STATE** was mentioned. Queensland is undergoing a Smart Growth development, right out of the textbooks of the United Nations.

We see notices in Brisbane city which include

- "Smart City,"
- "Healthy City,"
- "Regional City,"
- "World City."

At the Earth Dialogues we are told of plans to bring our city right up to date, with community centres where we can discuss and dialogue, eco-friendly gardens, high-rise development, eco-friendly transport, doing away with cars in the city and having bicycles and buses instead

(all of this is just Smart Growth initiatives of the UN).

"**HEALTHY CITY**" is an initiative that not only deals with the physical health of the citizens, but also makes sure we are mentally healthy as

well. **Will we be psychologically evaluated through Healthy City?**

**One is mentally ill if one does not embrace
the environmental plans of the New World Order?**

Access our website for the new initiatives re MENTAL HEALTH in Australia and USA.

“REGIONAL CITY” shows that we are seen as a city in a region, the Asian Pacific Region, not a country per se.

“WORLD CITY” is pretty obvious, we are not to be a separatist land, we are world property.

“SUSTAINABLE CITIES” redesigned city, re-invent the cities.

It would seem that Australia, too, needs **“CRISIS”** as the world in general needs, to bring about desperation, in order to make our people see that the only way out is to yield to global control (tyranny in reality). Australia has had huge rises in food costs; there is more of this to come. The cyclones in Northern Queensland destroyed the banana crops, now bananas are close to \$12 a kilogram. Apples are going to be very dear, the media tells us. Vegetables and fruit in general are getting almost impossible to buy in some areas. WATER was discussed repeatedly at the Earth Dialogues Forum. The insistence that we have become a drought country, and that this is caused by Climate Change due to the depletion of the Ozone Layer. Difficult to prove in a short report, but this too is a fraud and a part of weather warfare projects. (Search for more on this, on our website above.)

In Toowoomba, Queensland, the water crisis is so bad that the government is insisting that they accept recycled effluent for drinking water. We have been told that a referendum would decide the citizen's views on this astonishing proposal.

Yet, in This Week in Review, Sunday Mail, p.60, 23-7-06 we read:

“The Prime Minister's right hand man Malcolm Turnbull threatened Toowoomba's residents that if they vote against introducing recycling of effluent for drinking water, they won't get a cent of Federal money to assist with Drought Relief.”

This spells out force.

We are being brought to our knees:

- by the control of **WATER**.
- by the control of **FOOD**.
- by control of **FUEL**.

In addition, petrol prices are skyrocketing. These basic commodities are essential for Australians; soon our needs will be so great that we will gladly embrace all the International Laws and intervention from the UN without a shot being fired.

Lord Mayor Campbell Newman said at the forum, **“The Best and the**

less threatening term. The New World Order is using the children of the world to work for them and for their despotic control. This is the most horrific tyranny to ever hit our fallen planet – and just as Hitler used the youth in Germany to defeat the adults, so the global government is using your own children and grandchildren to defeat your Nation-State's sovereignty. It is all coming to a head now, through the Green Cross International, which has set up a headquarters for Australia in Brisbane. There have been many writers who have warned Australia over the years what was occurring through Global Education in schools, including our own Despatch magazine, few have heeded the warnings. Many Christian parents are still not home-schooling their children to protect them from the New World Order mindset.

NOW, the Pied Piper must be paid! As such organizations as the ghastly Green Cross International spreads its New World Order propaganda across our land, it will find the children all ready and primed, taught by neo-communistic teachers, established all ready in the Plan of the Illuminati. Our children are grasping all this greenie-Mother Earth stuff with both hands, and are running to kick a goal - in revolution “to save the planet!” They were worked up to love Gorbachev, to love the Green Cross, to love the Earth Charter, to love the UN. They were actually taught a song about loving these. They were taught a PEACE song which was stirring and like a revolution cry! Who was doing this; let us remind ourselves – the global government under the New World Order. The message is being spread across our land right now, 10,000 children received the propaganda on the 24th July alone.

How many more children have watched the Gorby spectacular since then in schools of our nation?

The Peace Song of Earth Dialogues.

“Love Peace, think peace, walk with peace in your hearts.

Cry peace, cry peace, scream for peace in your hearts.

Pray peace, walk with justice in your hearts, let's all make a start.”

MORE ABOUT MIKHAEL GORBACHEV.

Gorbachev has an idol – Vladimir Lenin. Who was one of the most destructive and cruel dictators the world has ever encountered. In a speech to Russian students in 1989, Gorbachev declared:

“We are for Lenin who is alive... we see no rational reason for giving up the spiritual riches of Marxism.”

Lenin wrote on March 19, 1922, a letter to the Politburo, in it he stated:

“The more representatives of the clergy we manage to shoot the better – now is the time to teach the lesson that for many decades the people will not dare to even think of resistance.”

(Erwin, Under the New World Order. P.9-10)

the children to her website for more information on the declaration.

The children were told to sign the Earth Charter, and to agree with all International Laws under the United Nations. (These will be explained in depth further into this report.) Our youth all over Australia are being taught by the Global Education of UNESCO that they are global citizens, that the Nation-State sovereignty of Australia does not apply any more – and should the government refuse to sign all international laws then THE CHILDREN MUST RISE UP IN REVOLUTION AND FORCE THE GOVERNMENT to submit.

The youth were told to get rid of all structures, get rid of the control of politicians who know nothing, and engage in REVOLT, MUTINY! “You need courage and dedication,” they are told. Planet CRISIS, CRISIS, is stressed again and again, Adult ignorance and uselessness is stressed. Fear features heavily in this Forum, fear of Climate Change, weapons being piled up by nations, the destruction of the ecology. If the children do not become political activists for the United Nations there will no earth left. Green Cross International has the answers and the truth. Join up; defeat the politicians and their folly. The adults do not understand, they are ignorant, our children were told.

This amazingly sophisticated indoctrination was carried out with wonderfully presented carrots to make the donkeys move! There are happy people on the platform, rangers and wildlife presentations. Adventure in a global setting is presented, explorers speak live from Tibet, and thrilling other live internet exchanges go on. All New Age indoctrination, water and how precious it is stressed repeatedly. This will win the children of Australia; haven't they been seeing our own water crisis – engineered by the Internationalists themselves I might add.

7. The college and schoolteachers attending the Earth Dialogues Forum were obviously all in favour. There were no voices against anything that went on. The children seemed to be an audience which was used to hearing anti-capitalist rhetoric, even the cry “I could kill George Bush!” coming from Irish activist and Nobel Peace Laureate, Betty Williams, did not shock. The various speakers from the younger set were well versed in the doctrine of the New World Order, reciting little comments and speeches that were robotic. It was a terrible scene, one of delusion and potential fanaticism around the corner. The unlearned in the ways of the global masters would not agree – and here lies the sad truth, there are hardly any who realise what is happening as the globe, including Australia, is conquered!

The children were taught that they hold the reins; they are the brains of the world. It was all done as though the children themselves were rising up to demand that the adults have sense and that they yield to the global government! “Government” is always called “governance” a

Brightest” of the world are on our shores, he saw them as the greatest world leaders ever to assemble here in this land. We are a happy, trusting place, a naïve place, a “she'll be right mate” kind of land - but there are very few citizens who know what is happening to us.

When the Governor General and his wife attended the forum, we all had to rise as they entered, he came down to the front seats in the audience, and sat under Gorbachev. Gorbachev greeted the Governor General as “**my old friend.**” Gorbachev spoke on stopping the arms race and disarming the nations. Of course, the global government wants a world that can be easily conquered. He says that many conflicts have been solved by dialogue in the world. “**Globalization is a spontaneous uprising.**” He makes it seem as though the peoples of the world are taking over, and demanding peace and harmony from the national leaders, who are bent on foolish destruction of the planet. There is talk of reforming the United Nations, later they speak of moving the UN headquarters away from the USA to the European Union. “*Politicians do not know what to do [as international terrorism grows]. The political world is paralyzed. Globalization is here – this is environmental crisis.*”

Gorby speaks of many emotive matters, one billion hungry bellies; environmental pollution; climate change; eco-systems have been severely damaged, save the environment. Drinking water, energy resources depleted, population of the world is 65 billion. In the end, the audience can only plead in fear for the take-over of the global masters! ACUTE emergency! OIL – world consumption increased 20%, and will be higher as China and India get up to full consumption.

What is the way forward?

Ah, but Green Cross has been addressing these problems. WATER is addressed over and over again. Australians are vulnerable to this; we have been experiencing the worst (natural?) drought for one hundred years. Rivers are in danger across the world, says Gorby. Global cataclysm is upon us. Israel is fighting over a river, which runs into South Lebanon; there are more fights over water than anything else on the planet. We must unite, we must cooperate – not fight. Green Cross International has a legal status accepted by governments. Green Cross has started a campaign for rights to water. Green Cross has answers to hunger, and environmental needs. The Rio Summit is mentioned, as is the Kyoto Protocol. It is all as though there is no other way, the United Nations and Global Governance are here and are the only way to peace, sustainability, and equity.

Will anyone here in Australia believe

that this is running right into the lion's mouth?

**Will they believe that a worse than the Third Reich is still with us,
sending its ambassadors to our shores, who have been**

gushed over and wined and dined in the City Hall dining room?

I suppose few will – yet it is true! **“One future for all or no future at all,”** says Gorbachev the One World Communist.

BARRY JONES is in the auditorium. He is a well-known quiz champion and funny man – we can trust old Barry. He is happy it seems with all that is going on. He asks a long question (more like a speech) of Gorbachev about fundamentalist religions and the troubles these cause. “All religions have ideas of peace. Unity and dialogue. Communication. Unite. Religious fundamentalists should be allies. Including Muslims....linked in a spiritual way, religious faiths must find a link spiritually.” “Spiritual leaders cannot solve this, national level cannot solve this, international level must find solutions.” We must all join Green Cross and tell the politicians what the people want. Gorby is setting up a national Green Cross office for Australia, headquartered in Brisbane. May God have mercy on us all.

PHILLIP ADAMS is there (a professed Communist) and journalist, author, filmmaker and social commentator. He sums up the session reviews with vigour.

PROFESSOR SALEM H. ALI another keynote speaker. He is a member of the advisory group on environmental conflicts for the United Nations Environmental Programme with a specific interest in transboundary conservation zones or ‘peace parks.’ He talks of many things, including how constructive Tsunamis can be. Peace *“led out of crisis, but it does need dialogue and direction or it could lead to conflict.”*

He warns about **“conspiracy theories.”**

Of course we must trust the global government (sorry, governance) to not do so would *“tend to stop co-operation between nations and internationalism, not constructive but left over from the Cold War.”*

Negative people suggest a **hidden agenda**, he tells us.

Professor Peter Andrews, eminent Australian scientist, speaks of genetically modifying food – to feed the world’s starving.

Betty Williams in her keynote address declares that children know more than adults do. She urges children to sign up on the Earth Charter for Children, on Internet. She speaks of CHANGE, as all the other robots do. A fuller report on the agenda for children should be given, in depth, as this is where the global government is aiming strategically. Get the up-and-coming generation and let the older generation die out –and the conquest for the world is over.

A THUMBNAIL GLIMPSE OF GORBACHEV AND THE WORLD FORUM.

Held in the Autumn of each year, in San Francisco, the State of the World Forum brings together a who’s who of the New Age One World

in between” is Fabian Socialism, (or The Third Way), which already has control of the European Union.

The young people of our schools were delightful to watch as they assembled in front of City Hall on Monday 24th July, with the teachers supervising. Young and alive, filled with optimism and enthusiasm. Sitting ducks! Just average Aussie kids. They were laughing and clowning around happily as they filed into the building, and were led into the main auditorium with its rich red carpet, polished wood and formal style by security staff. There were dozens of round tables with snowy linen cloths on them, show bags filled with environmental material and printed matter on Green Cross International awaiting them. A huge screen carried scenes of Gorbachev being instrumental in many global events to their wide eyes. Gorby breaking up the Cold War; Gorby destroying the Berlin Wall; master diplomat Gorby in many scenes saving the planet from evil in so many ways. A Saviour figure, a Superman. Gorby is in reality an occultist who embraces the Luciferian Lord Maitreya, and is a confirmed Leninist Communist.

Gorbachev was announced, and there he was in person, on the platform of our City Hall. He comes as a grandfather figure, mentioning his own family in his address. He is honoured and revered by the Lord Mayor of Brisbane, Campbell Newman, and the Premier Peter Beattie. What child could resist this charismatic spell? He brings the message of the New World Order; all couched in “environmental terms” the real agenda hidden from view. Adults in Australia seem to have no way of grasping the enormity of what is occurring with this N.W.O. conquest, how can children be expected to understand or escape? They are soon under a mighty enchantment. Gorbachev is the answer to a child’s prayer! What are the main points of the indoctrination of the young by Green Cross International?

The children have the knowledge, therefore they must tell the adults and the government of their country what must be done. If they do not, the whole earth will be destroyed. Horrible stories were told of cancers caused by nuclear waste, children being blown apart by weapons of war, environmental disasters wrecking the environment, pictures were shown on the huge screen of ghastly disasters. The politicians have no idea, they are told, but children have answers, they have been taught the global education material sent by the United Nations into our schools and colleges.

The World Court of the United Nations was presented, to deal with those countries who will not comply with the Internationalists. The Universal Declaration of Rights is cited, (written by Atheists, Humanists, New Agers, and occultists.) Betty Williams, Nobel Prize Laureate, read out the Children’s Declaration of Rights, at the Brisbane forum, she directed

if another shall come in his own name, him ye will receive.” John 5:43.

HERE is the only hope for a world caught
in a Luciferian web of destruction:

“For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him, should not perish, but have everlasting life.” John 3:16.

PART II ...

EARTH DIALOGUES – BRISBANE, 21-24 July 2006.

REPORT NUMBER TWO – The Earth Dialogues 2006, Brisbane.

A World Forum for Resource Management and Sustainable Development. Chaired by PRESIDENT MIKHAIL GORBACHEV, Chair of Green Cross International and the Hon. Peter Beattie MP, Premier of Queensland, Australia.

A constituent of the Brisbane Festival 2006.

Report Number Two will deal with the dangers facing our nation because of the YOUTH MOVEMENT arising as young people are encouraged to save the planet under the dictates of Green Cross International and the Earth Charter.

On Monday 24th July 500 children from schools and colleges around Queensland were assembled at City Hall in Brisbane. The media in Australia said very little about the revolutionary content of the addresses given to our young people that day. 10,000 children received the addresses from City Hall, beamed to them live. They were indoctrinated by neo-communists, New World Order leaders and delivered into the hands of international forces of immense power on the earth. To suggest a similarity to Hitler’s Nazi Youth Movement may seem at first glance to be extremism, the writer assures you that it is not. Our youth are in danger, our adults are in danger, from internationalists who are using the environment and the ecology as tools to bring about global government under the United Nations tyranny.

This is about religious occultism at the highest level of global control, and the merging of all political doctrines and mandates into a New World Order dictatorship. Fabian Socialism, can be possibly the best example of what the world is now uniting into. This is a worse system than any political belief co-ordination before it, has ever been: – a mixture of Fascism, Nazism, Marxism, Leninism, perverted “democracy,” and Totalitarianism rolled into one. GORBACHEV and his cohorts spoke of there being no Left or Right beliefs in politics any more in a new world – only something in between. They did not reveal that the “something

movement. Investigative journalists have noted that through out this forum the words “**New World Order,**” “**World Government,**” “**Global Government,**” and “**Global Governance**” are used repeatedly.

_____ *Samantha Smith*, journalist and author of Goddess Earth, attended the first forum in 1995. She writes:

“Gorbachev harped on the importance of having ‘consensus for Global Governance’ – where nations under world government will lose sovereignty, giving way to international laws that will dictate common beliefs, values, standards, and behaviour, and conform to the consensus of a chosen group of leaders. The former head of Russia’s Communist Party has selected 100 elite ‘innovative thinkers,’ called the ‘Global Brain Trust,’ or the ‘Council of the Wise,’ who will meet annually at the Presidio in San Francisco, to guide global issues during the transition into the next century.”

(This is Gorbachev/Green Cross International headquarters.)

We are now in the 21st century, and how things are changing rapidly. These are the New Age people, the leaders of this peace movement, this Unity Movement through the United Nations. They are not just political, they are religious. Gorbachev has shown worldwide how fascinated he is with mysticism and weird religious cults.

Here we will consult Gary Kah,

who writes in his book **The New World Religion:**

“Gorbachev’s fascination with Eastern mysticism and the occult was evident in his choice of ‘spiritual’ leaders invited to the forum [World Forum]. The list included Isabel Allende, author, House of Spirits, Richard Baker, Abbott, Creston Mountain Zen Centre; Akio Matsumura, founder, Global Forum of Spiritual and Parliamentary Leaders; and Sonia Gandhi, founder, Rajiv Gandhi Foundation. Gorbachev’s endorsement of eastern mysticism was further reflected in the fact that the Gandhi Foundation (a Hindu organization) co-sponsored his activity. A book co-authored by Gorbachev, “Moral Lessons of the Twentieth Century: Gorbachev and Ikeda on Buddhism and Communism”, explains well his position.

In addition, Gorbachev selected Thich Nhat Hanh, a renowned Vietnamese monk, to lead a special half-day Buddhist meditation at the forum. This popular Zen Buddhist is the author of the occult book Living Buddha, Living Christ. Hanh has devoted his life to merging Buddhism with Christianity, believing such a synthetic religion would be ideal for the emerging world order.”

Strangely enough, when a brave Christian woman came to the microphone at the Earth Dialogues, Brisbane, and spoke of her concerns because there were so many communists in the United Nations, and she wanted to have Christians there, she was howled down by speakers and

audience alike! **“Don’t bring religion into this,”** they all cried. However, religion is what the United Nations is about, Luciferian religion at that. World Goodwill, the Lucis Trust, once called Lucifer Trust, has always headquartered in the United Nations Plaza. The United Nations is filled with Theosophical Luciferianism.

The view we received of Gorbachev, at the Brisbane Forum, was of a man of mixed and odd beliefs. He is a New Age Leninist. He wants to get rid of Christianity and replace it with a conglomeration of all religions under the sun. He has combined humanism with pantheism, atheism with the emerging godhood of man himself. He is embracing a world religion, which can be shared by all occult religions, witchcraft and pagan religions. He is both mystical and anti-Christian to an astonishing level.

Gary Kah comments:

“Throughout the forum (World Forum), Gorbachev shared glimpses of his vision for uniting the planet. He clearly stated his intentions of using humanity’s concern over the environment to further his world government agenda. Revealing his motivation, he declared, ‘The environment crisis is the cornerstone for the NEW WORLD ORDER.’

(Em-

phasis added).

Samantha Smith has written of this: see *The New World Religion*,

Gary H. Kah p.p. 142, 159. Hope International Publishing Incorporated.

Gorbachev said this on October 8, 1996:

“We need a new paradigm of development in which the environment will be a priority....World civilization as we know it will soon end....We have very little time and we must act....If we can address the environmental problem, we have hope...but it will have to be done within a new system, a new paradigm....We have to change our mindset – the way humankind views the world.”

The words “PARADIGM SHIFT” were used at the Brisbane Earth Dialogues. Gorbachev did not seek to hide any of his intentions, but the people of our fair land are simply ignorant of what was being said. The media downplayed the event; there were few indications that such a momentous event was taking place in our capital city. We only found a small advertisement about it by chance, hidden away in *The Weekend Australian*, early in June. There were empty seats in the City Hall. Crowds did not assemble around the building, few really knew much about it. Ah, but the children were targeted heavily. Gorbachev is targeting the world’s children. He has worked with UNESCO (The United Nations Educational, Scientific, and Cultural Organization) to introduce and spread across the world new education curriculums in all countries.

12

These spread the indoctrination of the UN, fear tactics about the depleted environment and the usual astonishing propaganda. He has indicted that the Earth Charter is the only solution to the global environment crisis. He wants a new global society, and the young people especially have to be educated into the paradigm shift of the New Age New World Order. This was why 10,000 or more children received a live broadcast during the Forum. The adults received a mere whitewashed mini report in the media. Children across Australia, no doubt, will obtain information their parents will never hear – in schools and colleges in every state. This is “revolution” the kids were told at the Earth Dialogues Forum.

Gorby works with the Club of Rome, Green Peace, and the World Wildlife Fund, who helped him in getting the Earth Charter ratified. Prince Charles has taken a strong role in implementing the Earth Charter and International Law across the planet. He is called “The Sustainable Prince” by some investigators. Some speaker at the Earth Dialogues said, *“we would rather have the United Nations than the Club of Rome...”*

What was that supposed to mean? Double-speak again?

The Brisbane Earth Charter Forum has opened the door to sadder days than we have seen before – this is an invasion of immense proportion. What will happen to Australia in the future days? We will lose all our freedoms and our way of life. And we are not used to suffering, we are the Lucky Country – or once we were. Oppose this global paradigm shift and a concentration camp might be your home – you can’t watch Big Brother on tele in there, comrade citizen, but he can watch you! America has increased its number of Gulag type concentration camps areas in recent years.

“According to Wayne Peterson, the former director of the Fullbright Scholarship Program and an U.S. diplomat, ‘Gorbachev was one of the first to work with Maitreya.’ [Maitreya is the New Age satanic “Christ”]. He said that Gorbachev ‘doesn’t mind his name used publicly with Maitreya’s emergence – seeing Him as the reappeared Christ.’ He added: ‘I was not surprised to learn this about Gorbachev, since I had heard earlier of his involvement with Maitreya from a Pentagon official. I had also heard, from people I place much confidence in, that Mrs. Gorbachev had been to India several times to see the Avatar Sai Baba. Yet, ...Gorbachev refused to acknowledge that he was not an atheist on Schuller’s Hour of Power program.”
