## EDITORIAL JANUARY - 1999

So, we are almost there. AD 2000 looms up ahead like a dentist's appointment.

Even this year, 1999, could prove to be a daunting one. The Millennium Bug, Y2K, could give problems to society which are insurmountable, or it may pass by with only minor disruption. How any of us will cope with anything that emerges will depend utterly on how closely and obediently we live with the Lord. He knows the future, and He holds the future in His hands. The New World system is ready to take off, how much on schedule they are remains to be seen, will they seek to establish a fake "God's Kingdom" on earth for the new millennium? That is after all the Luciferian Plan. This issue we will look at this Plan, and consider what AD 2000 will possibly bring.

Meanwhile, our small lives continue. Family matters; Christian fellowship affairs; making ends meet financially; dealing with sickness, grief or heartbreak; seeing children grow; taking out the garbage and washing the dog. Life just keeps coming - Y2K and the NWO or not. It is amazing how we live in the small, all of us, even though big events loom on the horizon. Being out of bread, and having to go to the shops to get it can seem a large

Darren discovers that y2k crash may have been preplanned before 1984:

FROM: <USCMike1@aol.com>

### DEAR CITIZENS:

Darren of airpro@ix.netcom.co has come across some published information that shows that even prior to 1984 (the year of "BIG BROTHER IS WATCHING YOU" by George Orwell - in his book: "1984") that the feds and the computer industry already knew about the y2k fiasco and by design, deceit, or dumbness failed to act upon it. Thanks Darren for your timely info. We all knew that

by W. B. Howard

THIS MATERIAL WILL BE INSERTED INTO THE ALREADY PUBLISHED "ALPHA EXPOSE" BOOKLET SOON, AND REISSUED; OR AVAILABLE AS AN ADDITIVE INSERT.

[INSERT Included With This ISSUE]

The Alpha Course, which originated in Brompton UK, has spread around the world, involving hundreds of thousands of churchgoers. Alpha is ecumenical in nature, the majority of churches in Australia are becoming part of Alpha, which was started by a man called Nicky Gumble. A critique has already been written by myself on this devious, dangerous "evangelical" training system, since then further information has come to World Order techniques of Dialectic and Praxis, which are being used world-wide to bring about consensus for the purposes of UNITY in a ONE WORLD, ONE MIND. In our education establishments various shades of these techniques are seen in such learning systems as Outcome Based Education.

### MR. WESLEY'S PERSONAL RULES

[1] To use absolute openness and unreserve with all I should converse with.

[2] To labour after continual seriousness, not willingly indulging myself in the least levity.

[3] To speak no word which does not tend to the glory of God, and not to talk of worldly things.

[4] To take no pleasure which does not end to the glory of God.

*(Spiritual Gold) "Fair Dinkum"*

UNTIL I LOOK AT THE CROSS...

There are times when I ask myself questions like, Why Lord? How long, O Lord? Where to from here? How will this end? But since I gave my life over to Him twenty years ago, I am His servant, His child. I do not doubt His love for a moment. I know that all will be well in the end. It's just the short-term that unsettles me - until I look at the Cross. Surely One Who loved me so much that He would send His own Son to die - for me! Surely I can trust Him through this as well. Even though it is not the road that I would have taken, as time goes by I begin to understand. As a note on my desk blotter says, Never fear shadows - they just mean there's a light shining somewhere nearby.

●...How would it feel to just be out of bread, and there is no more?

●...How would it be to have no phones working, no lights to switch on, no sewage?

If so, there will be family members left in many cases, neighbours we love will be left, our own communities left to cope with the Tribulation. It all makes one breathless with wonder, and aware of the hopelessness of going into this year with just trust in one's self and self's "answers" to life.

What promises from the Bible can we rest in, as we walk into the unknown? The sky is the limit, the Scriptures abound with promises from God which fit perfectly the dilemmas of the end of this millennium. Here are two comforting and exciting ones:

*"Now thanks be unto God, which always causes us to triumph in Christ, and maketh manifest the savour of his knowledge by us in every place."* (II Cor. 2:14).

*"Not that we are sufficient of ourselves to think anything as of ourselves; but our sufficiency is of God."* (II Cor. 3:5).

When all is considered, the overall, sensible thing to do is to live in each day, not the future perils, and to make our lives count for God in the time allotted to each and every one. We can be sensible and consider what the future may hold, and seek to prepare, but when all is said and done these words are the only ones that make sense:

*"Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed?"*

*(For after these things do the Gentiles [the Godless?] seek:) For your heavenly father knoweth that ye have need of all these things.*

*But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.*

*Take therefore no thought for the morrow: for the morrow shall take thought for the things of itself. Sufficient unto the day is the evil thereof."* (Matthew 6: 31-34).

## THE NEW MILLENNIUM IS JUST AHEAD! WHAT CAN WE EXPECT?

We are almost there, AD 2000 is now only months away! Our readers will benefit by reminding themselves of what the New World Order has planned for this New Millennium of the New Age. Various and many sources have revealed what the New World has planned to take place in the new century and new thousand years coming up - starting straight away, as soon as the old year, 1999, is gone!

●...**Will GOD INTERVENE?**

●...**Will He ALLOW THESE PAGAN REBELS TO ENTER FULLY INTO THEIR DIABOLICAL PLAN?**

At this point it is impossible to say for sure that the New Age Plan will go ahead on schedule, or even if the Church will still be here to see the culmination of the Illuminati world-domination intentions. What lies

ahead; what should we do to prepare ourselves and our loved ones? Big questions indeed. To get just some of the main global goals of the New Age in our minds would seem helpful at this juncture.

It is almost as though the whole world has gone insane! Yet it is not insanity, it is a supernatural delusion we are seeing, a Luciferian Occult Theocracy which has arisen. The most astonishing planetary transformation has already taken place.

●...How many are even aware of this?

●...How many of our neighbours, the people we work with, even relatives really understand what is just ahead?

The elite of the New Age, Satanic slaves every one, know what has happened, and will be revealed.

● A small group of those who love the Lord and His Word have come alive to the truth about the New Age, but the majority of earth dwellers are living in darkness about the NWO Plan. Despatch has written so many times now in warning about AD 2000 that it is like flogging a dead horse! But, this is REAL, and D-day is upon us now. Be much in prayer, beloved of God, do not sink down into lethargy and drop into a "we have heard all before" mentality.

One of two things will happen in the very near future.

● *Either we will be here to see the Occult Theocracy for the world usher in its New Millennium,*

● *or we will be Raptured.*

Either way we face utterly astonishing events in a few months time (or if we are Raptured, maybe before that). If we are not Raptured, then we will see the New Age being brought to fruition!

## CELEBRATIONS FOR THE NEW MILLENNIUM.

The new millennium will begin with these New Age celebrations to mark what they intend to be a sort of "Fourth Reich" rule:

**A CELEBRATION AT THE**

## **PYRAMID AT GIZA.**

Leaders of immense power will usher in the new millennium at the PYRAMID AT GIZA in Egypt. What an occultic new year's eve they will have! [We may see more this issue, consult the index, if our requested for recent material arrives.]

"...*Organizers of the Millennium Society say he's already committed to ushering in the next century at the Great Pyramid of Cheops in Giza.*" The article then quoted from a telegram President Bush sent the society:

**"Barbara [Mr. Bush's wife] and I wish you the best of luck in the next year, and we're looking forward to your celebration in Egypt in 1999."**

Seventeen days later, President Bush delivered his inaugural address on January 20, 1989, which included his statement,

*"I take as my guide the hope of a saint. In crucial things, unity; in important things, diversity."*

(Remember here the statement of the 1941 'The City of Man' which said, *"Diversity in unity and unity in diversity will be the symbols of federal peace in universal democracy...a positive plan for world legislation...."*)

Later in 1990, concerning the controversial alleged apparitions at Medjugorje, a believer in the apparitions and former parish priest there, Jozo Zovko, said that he met with President Bush on November 15, 1990, but would not say what they discussed. ...."

## **CELEBRATION MESSIAH FOR "CHRISTIAN" LEADERS IN HOLY LAND.**

Read about the Celebration Messiah AD2000 in this issue, consult index.

## **SIGNING OF A ONE WORLD RELIGION AGREEMENT AT ICELAND.**

The New Age does not believe that Christianity is a "sustainable faith". What is required as top priority for the 21st century is for the world's

religious leaders to institute a "sustainable faith tradition" which will guide the masses into "peace" which will last. This has been spelled out by Gerald Barney, who wrote the Global 2000 report for the Jimmy Carter Administration. Barney was the director of the national program in the USA for the Rockefeller Brothers Fund, and he was the editor of the fund's report *"The Unfinished Agenda"*.

*What is this "sustainable" word all about?* It is a term which is used continually by globalists and environmentalists. It really means that an institution or government is seen to be in a condition of "sustainable development" only if they will submit to the authority of a global government.

Biblical Christianity cannot submit to the globalists, so we are "unsustainable".

*What will happen to Biblical Christianity?*

Let Gerald Barney explain:

*"...an internationally famous, highly influential author on the sustainable development told me bluntly, 'Religion must die. It is the fundamental cause of virtually all social, economic, and ecological problems and much of the violence in the world.'"* Barney also says that the Christianity is a "menace to the future of the earth."

In the year 2000 Barney has urged the religious leaders of the world to create

*"a community of earth's faith traditions". These leaders will meet in Thingvellir Iceland in the year 2000 to organize a planetary spirituality based on Gaia the Earth Mother worship, they are called upon to make the "Thingvellir Oath". To support and protect one another and their followers. To enter into a ritual around a stone altar, pledging loyalty to Gaia the Earth Goddess, and the world state which will govern in her name (earth is seen as being Deity). Barney calls this "a ritual death to and giving up of the old 20th century and its ways of being and thinking..."*

(Global 2000 Revisited, Vol. 1. p. 189).

Will this eventuate? It is on the New

Age drawing board, it is planned to eventuate. What religions will take part? ALL are to be involved in some way, Christian denominations will be involved through the vast power religions of the Anglicans and the Roman Catholics, as well as the apostate protestant/ecumenical organizations of global power.

## **AD 2000 BIRTHDAY OF "JESUS" CELEBRATION.**

Our readers will remember the booklet *Despatch* distributed called, "The Millennial Doctor" by Berit Kjos and Dr. Cathy Burns. In this booklet there are details about the great celebration for AD 2000 of the "birthday" of Jesus. Let us remind ourselves of the amazing data presented on pp. 31-33. In this booklet Jay Gary, a liaison between the New Age groups and the Christian churches, spells out the plans for the year 2000 to be the biggest birthday party ever. This is NOT our Jesus Christ, it is another "Jesus". I will quote those pages here:

### **EXTRACT FROM THE BOOKLET MILLENNIUM DOCTOR**

by Berit Kjos & Cathy Burns  
[W. B. Howard intro]  
p.31-32p.31-32

### **"LET'S CELEBRATE!"**

Celebration! That seems to be the reason for all of Gary's enthusiasm. He wrote his book 'The Star of 2000' with the idea of a great big celebration for the year 2000. In 1993 Gary wrote a letter to World Goodwill. World Goodwill is the mouthpiece for Lucis Trust whose original name was, as I mentioned earlier, the Lucifer Publishing Company. It was this organization that was formed to publish the writings of Alice Bailey and her spirit guide Djwhal Khul. Why did Gary write to this group?

Here's part of his letter (which appeared in the 'World Goodwill Newsletter'):

*"One common project we are developing is an 'International Year of Thanksgiving' in 2000 'especially through the United Nations'. Dr. Robert Muller has given leadership to this proposal.*

*If any of your readers would like to bring definition to a World Thanksgiving* 

*Year in 2000, marked by reflection, reconciliation, and gratitude between nations, cultures, and peoples, please have them correspond with us.*

*We are collecting articles, and papers on these themes for an upcoming 'Lets Talk 2000' Forum." (107)*

Gary claims that the "Star of 2000" should be Jesus Christ. He says:

*"In His honor, the year 2000 ought to be the most significant celebration in the history of civilization."*

*(108) "When it comes down to it, the bimillennial of 2000 is about Jesus. It will be a time to 'develop a new vision of Christ', and ask ourselves how we might measure up to that vision in the new century."*

An article in the Colorado Christian News states:

*"Gary continues, 'No one would let the 100th anniversary of their grandmother's birth go by without giving her a tremendous birthday celebration. In a similar way, we shouldn't let the 2000th anniversary of the birth of Jesus pass by without giving Him a magnificent tribute. In His honor, the year 2000 ought to be the most significant celebration in the history of civilization.'" (109)*

Although the idea of celebrating Christ's 2000th birthday may sound plausible to some, there are some problems. First of all, most Bible scholars agree that Christ was born around 4 or 5 B.C. If this is correct, then the celebration of his 2000th birthday would be off by about 3 or 4 years. Gary recognizes this problem but makes the excuse that it "is not uncommon for major anniversaries to be celebrated on 'days' other than their actual dates. We don't even celebrate George Washington's birthday on the actual anniversary, but rather on the established anniversary date. So it will be with Jesus' anniversary." (110) This analogy, however, isn't even valid because Washington's birthday is still commemorated in the proper year. It's just the day that has been changed. How many people would celebrate their 50th birthday when they are 54?

Another problem is that this is to be the largest birthday party ever - yet the guest of honor will not even be present! Can you really say that this party is for Christ? Of course, it appears as though

Gary thinks that "Jesus" just might show up. He states:

*"What better culmination to the bimillennial than to have the guest of honor, the Lord Jesus, personally arrive to usher in His kingdom?" (111) For anyone who knows the Scriptures, this view should concern you. The Bible tells us that*

*"we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord 'in the air': and so shall we ever be with the Lord" (1 Thessalonians 4:17). If any "Jesus" shows up during this celebration to set up a kingdom it certainly won't be Jesus Christ of Nazareth. It will be the Antichrist who will show himself to be God (see II Thessalonians 2:3-4). Strangely, Gary suggests:*

*"Think of it as a dress rehearsal for the second coming." (112) There will be no "dress rehearsal" for the second coming. I Thessalonians 5:2 tells us: "For yourselves know perfectly that the day of the Lord so cometh as a thief in the night."*

Yet another problem is that Gary is calling for an International Year of Thanksgiving in 2000 (as mentioned in his letter to World Goodwill). In 'The Star of 2000' he reminds us: *"Leaders at the United Nations have been talking about celebrating the year 2000 as a world Thanksgiving year since the late '70s."* (113) Who has been calling for such a celebration? None other than Robert Muller! Gary admits in his book: *"A former assistant secretary-general of the UN [Robert Muller] has written a novel to suggest how the UN ought to prepare for this coming International Year of Thanksgiving."* (114) This novel, as mentioned earlier, is Muller's 'The First Lady of the World'. If Gary is a Christian, as he claims, why is he working closely with an occultist to plan for such a global event? [END OF EXTRACT]

## **JUBILEE 2000 INAUGURATED.**

See more this issue, consult the index.

As early as June 1999 G7/G8 leaders (NWO) will meet in Germany where the Jubilee 2000 petitions will be presented. This pseudo "debt cancellation" of poor nations is in reality New Age Socialism taking massive control!

## **THESE ARE THE MAIN PLANS TO TAKE PLACE IN OR AROUND THE FIRST YEAR OR TWO OF THE NEW MILLENNIUM.**

### **THE EARTH CHARTER.**

The NWO has prepared the Earth Charter will has definitive world environmental rules for the new millennium. These are globally legally - enforceable guidelines. Two of the main collaborators in the Earth Charter creation are Maurice Strong, the Canadian oil tycoon, a former sec. gen. of the UN, and Gorbachev. Gorbachev, who is of course a Marxist-Leninist atheist, gave a preview of the Earth Charter in an address to the Environmental Media association in Beverly Hills, October 17, 1994. He made it quite clear that the Earth Charter is indeed a replacement for the values and laws of the Almighty God, a sort of environmental catechism or commandments. He said: *"At a time when the religious foundations of our culture are wearing thin, new value systems are needed more than ever before."* He also said, *"There must be a kind of ten commandments for the environment, something that no one would be allowed to violate."*

Remember, reader, that the "environment" encompasses many areas which one would not at first consider "environmental" i.e. ownership of land, growing of crops, native title to lands, World Heritage designation, industry, pollution, education for children, worship structures, oceans, protection of animals versus human rights, and so on.

### **ONE WORLD UNDER GAIA.**

From Dr. Dennis Cuddy:

*"But what about those who don't go along with the new values of the New Age and those who don't accept the unity of all people under a one-world government? Their cruel fate might have been revealed by Task Force Delta psychologist Barbara Marx Hubbard, who has been praised by such notable New Agers as Norman Cousins and Buckminster*

Fuller (the latter of whom received our nation's highest civilian honor, the Presidential Medal of Freedom, from President Reagan on February 12, 1983). In the 1980s, Hubbard published a three-part book, 'The Book of Co-Creation', the first part of which was called "Jesus the Christ - Our Potential Self." In this book, she admonishes: "Out of the full spectrum of human personality, one-fourth is electing to transcend ... One fourth is destructive [and] they are defective seeds. In the past they were permitted to die

a 'natural death'... Now as we approach the quantum shift from creature-human to CO-creative human - the human who is an inheritor of godlike powers - the destructive one-fourth must be eliminated from the social body ... Fortunately, you are not responsible for this act. We are. We are in charge of God's selection process for planet Earth. He selects, we destroy. We are the riders of the pale horse, Death." Here, she is alluding to Revelation 6:7-8, but the "God" to which she refers is not the God of the Holy Bible. Rather it is the New Age "god of forces" or "god within". A few years before Hubbard's book, M. Scott Peck professed in his best-seller 'The Road Less Travelled' (1978) that "the ultimate goal of spiritual growth is for the individual to become as one with God. It is to know with God. Since the unconscious is God all along, we may further define the goal of spiritual growth to be the attainment of godhood by the conscious self. It is for the individual to become totally, wholly God." And a few years earlier, British socialist Vera Stanley Alder wrote 'When Humanity Comes of Age' (1974) describing an existing "Plan" for a "world organization," a "world economy," and a "world religion" where there would be a "Council for Economics" and a "World Food Authority" which operates in manners that seem to fulfil Revelation 13:17, "And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name."

(EXTRACT: DR. DENNIS CUDDY, "THE NEW AGE NEW WORLD ORDER")

## THE PROSECUTION OF ALL

## THOSE DEEMED ENEMIES OF THE GLOBAL VILLAGE.

Globalist theologian, Hans Kung, has spelt out the brave new world's attitude to what they call "regressive or repressive religion" as the reader will see in this quote from Kung:

*"Any form of ... church conservatism is to be rejected.... To put it bluntly: No regressive or repressive religion - whether Christian, Islamic, Jewish or of what ever provenance - has a long-term future."*

Christianity which is Biblical is considered to be both regressive and repressive. That is we are considered backward and inhibiting. Soon all laws in our country and the other nations will be geared toward the ethics of the new world, anyone who opposes will be an outlaw against the global state. Consider this quote from "FREEDOM ON THE ALTAR" by William Norman Grigg, p.196:

*"The UN is on record to the effect that codes of behaviour rooted in religion must yield to the world body's concept of law. This same assumption was at work in the Australian state of Tasmania, where an anti-homosexual ordinance derived from Biblical principles was subjected to the scrutiny of the UN's Human Rights Commission, According to the December, 27, 1992 San Francisco Examiner, the UN body believed that it 'could oblige the national government to use its power...to override Tasmania's state law.'*

If the UN has the power to compel the Australian national government to bring about the repeal of a Biblically-based state law, it has, in principle, the power to do the same thing anywhere, including the United States.

As we see the global super state come into power next century (months away), unless God intervenes, we will see the biggest goal of that state being enforced upon us all! That major goal is to destroy traditional religion, mainly Christianity, as a overture to the creating of a neo-pagan political leviathan. How will they accomplish this here? Through regulations, laws, redefini-

tion, infiltration and mixing beliefs and doctrines with New Age doctrines (this has happened already to a huge extent) - and at last open persecution of believers. These alarming facts should send believers to prayer as they have never prayed before: in this century governments have killed more than 119,400,000 people at times of "peace". R. J. Rummel in "LETHAL POLITICS" p.XI has calculated this figure, and he points out that is four times larger than combat casualties in this century's wars. Religious persecution in the twentieth century has already eclipsed the combined total of all those killed in religious persecution in the whole of history.

## ARE YOU CONSIDERED TO A CULT-MEMBER BY THE NEW AGE LEADERS?

Take a look at this statement by Janet Reno, powerful NWO figure in the USA:

*"A cultist is one who has a strong belief in the Bible and the Second Coming of Christ; who frequently attends Bible studies; who has a high level of financial giving to a Christian cause; who home schools their children; who has accumulated survival foods and has a strong belief in the Second Amendment; and who distrusts big government. Any of these may qualify a person as a cultist but certainly more than one of these would cause us to look at this person as a threat, and his family as being in a risk situation that qualified for government interference."*

Janet Reno, Attny. Gen., US of A  
Interview on 60 Minutes, June 26, 1994

🌐...DO YOU QUALIFY?

🌐...ARE YOU (AS DEFINED BY THE US ATTORNEY GENERAL) A THREAT?

## A ONE WORLD LEADER - PRESIDENT.

One of the major plans the New Age has for the new millennium is to have a world leader for the global gov.

ernment. This fits right into the Biblical description of the supreme, evil one world leader which God shows us will arise in the Last Days, Revelation 13. Already on the earth there are the favoured few, the international power-brokers who hold the economy of the globe in their hands, these see themselves as the super-race of aristocrats. The world-leader will be appointed by these super-wealthy, multi-generational families, such as the Rockefellers and European Royalty, to exterminate all who oppose the New Age Plan. All money must be controlled absolutely by The Order. The world leader will see to it that banking operations around the globe will be consolidated, and he will centralize the management of global finances.

In the book by New Age priestess, Alice Bailey, "EXTERNALIZATION OF THE HIERARCHY", we can get a glimpse of the horrifying plan of the NWO that the major concern for this world ruler will be the attainment of and controlling of all financial systems on the earth, down to the smallest amount of money which exists. The Bible certainly indicates that this will be the case (Rev. 13:17):

*"When the ADJUSTER OF FINANCES (as an advanced disciple from this Ashram is called in the Hierarchy) appears, he will find conditions greatly changed from those now prevalent and this to the following extent: 1. The principle of barter and exchange (to the benefit of all concerned) will control. 2. National currencies will have been largely superseded, not only by a system of barter but by a UNIVERSAL MONETARY EXCHANGE..."*

## WHAT CAN WE DO TO BE PREPARED FOR AD 2000?

Firstly, we can come to grips with the fact that few around us will believe that anything as subversive or as sinister as financial globalism and world government under Luciferians is really occurring. We will just have to bear with being labelled fanatical conspiracy theorists. The truth about this fact is there for anyone to see, if they but do even a quick search on Internet. The agenda of

these people is all around us in every day life, just as obvious as the noses on our faces are - none so blind as those who do not want to see. The vast majority of people do not want to see, their peace and daily lives are upset if they look at what is happening, and what is about to reach a final conclusion. The selfishness of the majority is again evident in mass most only care about their own homes, their children's future, the success of their professions or trades, and forget that what happens globally will make life as we know it suffer change which will be unthinkable. The courageous and Godly will come to grips, forget about their own selfish concerns, pray and consider before the Lord at this stupendous period in earth's history. He alone can tell us just exactly what He wants from each one. As we consider the staggering events in the world around us, were it not for Jesus Christ our minds would blow! Thank God for His glorious Presence, otherwise any reasonable person would be filled with worry and fear. The hideous fact is that there is a plot so horrible that it cannot be adequately described, it is about to reach its climax, the enemy of men's souls is orchestrating it, and suffering and terrible death await any who oppose that plot for absolute world control.

Many of us were quite sure that the Rapture of the Church would have occurred by now, it has not, perhaps this year, perhaps not. If it does not, the Order and the financial power-barons will bring great suffering upon those who refuse to bow the knee to the Earth Goddess and the emerged government of the Brotherhood. They want Christians in particular to fear their regime, but we need not fear for GOD ALMIGHTY is with HIS children who have trusted in Christ Jesus as Saviour. Many Bible verses reassure us that God can deliver us, and cause us to be strong in Christ. Perhaps we may have the privilege to suffer physically and emotionally for Christ's Name's sake, if so, then we will be surrounded by a great crowd of witnesses who have suffered in like manner in other generations (Hebrews 12:1-2). We

do not seek by ourselves to suffer needlessly, however. We can sensibly, without going to extremes, be like an ant preparing for the winter. Could Despatch suggest some simple ideas which may be of comfort should times get rough around the turn of the millennium? These are just a few precautions which we ourselves will seek to implement as the year grows older.

1. A rain tank, even a small one, may stave off thirst if Y2K causes water supplies to run out.
2. Keeping up supplies in your pantry at all times prior to the century change is wise, start early doing this. Nonperishable goods which will give at least a month's grace to work out what is happening. More if you have the funds. Remember though that others will be suffering around your family if supplies run out, so nothing can be solved by such methods really, it may just give you some time to plan.
3. Bicycles could be very useful if petrol is scarce or unavailable.
4. Simple things like camping gear items... a gas/kerosene lamp and candles, a wood bar-b-que, plenty of matches etc. would be a good stand-by.
5. Vegetables in the garden, seeds to grow if needed could be wise, though as we have already proved with our own veg patch it would take a lot of room to feed just two, not really practical in the short term that we are referring to here.

In all this there is, of course, an element of possible alarmism. The thing is we do not know what will occur, and the ants are praised in the Bible for their wisdom. We have plenty now, it may be "winter" soon: *"...they are exceedingly wise; The ants are a people not strong, yet they prepare their meat in the summer;"* (Proverbs 30:25)

## FEAR NOT!

It is difficult to know how to act until the new millennium comes. It has been a long time since Despatch first sent out its warnings about the Secret Brotherhood and their global domination, about the coming period of totalitarian rule by interna-

tional powers. How time has flown, now we are almost there, and no Rapture as yet. We can do one of four things in the months that lie ahead:

1. Take the warnings with a smile of vague disbelief, go on with life as though nothing was happening at all;
2. Believe what is being revealed by the various discernment ministries and Christian authors, but hope that all this is just another fizzle, like the line-up of the planets in 1982, or the various shocks about meteor showers which didn't bring havoc at all. Just get on with life, and hope nothing will ever happen any way;
3. Believe what is being revealed, be more submissive and obedient to the Lord than ever before, pray and witness to the lost, seek to be prepared for whatever eventuates.
4. Believe the warnings, but just wait for the Rapture.
5. Believe the warnings, and watch for the soon coming of our Lord. Be filled with the joy of knowing that Jesus Christ will soon inaugurate His own Millennial Kingdom on earth, and you and I as children of God, washed in the Blood of the Lamb are already a part of that Kingdom. Looking beyond the storms and dark days which may well make up our experience on this earth before "lift-off", but confident that just soon bright days of peace on earth under Christ as King will be on this planet. Ready to be a helper to all in need in the coming dark days, ready to see your brothers and sisters in Christ as truly family in God. Filled with confidence in the Victory which is already God's in His Son. Obedient and trusting, submissive to our Heavenly Father. He alone holds the future in His hand!

*"And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, [but] it shall break in pieces and consume all these kingdoms, and it shall stand for ever."* (Daniel 2:44).

Subj: Smoking gun on Y2K?  
From: airpro@ix.netcom.com  
(Darren)

I've had info-training conversations with folks over what is a short period of time for public warning on Y2K over the last year. Many feel that this Y2K thing is purely by oversight and that the folks that could/would use it to gain their agendas (TLC, CFR, NWO) did not reckon this many years ago. Angie Carlson and I have had some interesting conversation where we pondered the question "just how did all this Y2K come about?" I believe Angie and I share the belief that something of this magnitude cannot be by accident but perhaps design. My cursory research (got too much going on in life to spend too much energy on Y2K) was trying to seek answers to what I believe are some very clumsy assertions by the Y2K and computer industry experts.

My question was since most of the software code that will produce date calculation errors was written in COBOL, my research was focused on who was teaching the protocols for COBOL programming. I believe in the TOP-DOWN method of learning so I was focused on the university professors and where did they get their information from. Most of my answers seemed to suggest that the 6 digit date codes leaving out the full 4 digits of the year was because of efficiency purposes. But I am always digging and was not satisfied with this theory.

I could not understand how so many VERY BRIGHT and LOGICAL minded design analysts and programmers could overlook the very LOGICAL REALITY that year 2000 would come whether they liked it or not. Overlooking a future date just does not make sense for these ultra-IQ qualified programmers. How could they succumb to such stupidity? If the following information was already known by you, then obviously you

have done more R & D on this Y2K issue than I.

I was in a used bookstore today taking old books back for something more interesting. The owner of the bookstore said "Darren, knowing you like I do, I bet you'll find something really interesting here." The owner had a book on hold for someone else but here goes the amazing discovery I made today ... the book was titled "COMPUTERS IN CRISIS-HOW TO AVERT THE COMING COMPUTER SYSTEMS COLLAPSE" (ISBN# 089433-223-6).

Are you hanging on to your chair, desk, computer mouse or Y2K generator? This book was written in 1984! This book was published by Petrocelli Books of New York and Princeton. The book was written by Jerome T. Murray and Marilyn J. Murray. Mr. Murray was Director of Computer Management for Rose Packaging at the time the book was written but prior to that, worked for IBM in their government and education divisions. Prior to that he worked for Honeywell. Mr. Murray was a alumnus of Chicago State University.

If these experts knew in 1984 about this coming problem, why is it the general populace is just NOW coming up to speed on the Y2K problem? Now I ask that you really hang on to your chair because the answer I've been seeking for a year popped right out at me as written on the cover of the jacket of this book:

*"Warning, logical and maintenance flaws have been discovered in the design of worldwide programming code and databases. These flaws will result in the collapse of the world's computer systems on or before 2000 AD."*

*HOW DID IT ALL BEGIN?*

*On November 1, 1968, the National Bureau of Standards issued a Federal Information Processing Standards Publication (FIPS PUB#4) where it specified the use of 6 digit dates for all information exchange*

# Y2K ... VITAL INFORMATION!

Have you heard the audio tapes on the Y2K disaster, from GARY NORTH of the USA? The tapes of a radio broadcast have comprehensive information you need to know. On North's Website now;

[<http://www.garynorth.com/>]

At a later date than the audio, there was hope given about a way of "inoculating" computers against the Y2K, called the Silver Bullet. This "solution" has been found unsatisfactory. There is another possible solution which may solve the Y2K problem, backdating computers by 11 years. This may give a brighter picture than Gary presented earlier in proceedings, as shown on the audio tape.

Whatever occurs, we need to keep our eyes on the Lord God Almighty, for He is the One who alone can care for us, come what may. We do not

*between Federal agencies."*

[end of jacket quote]

My question is did this directive also recommend or require that any contractor doing business with any Federal agency also conform to a 6 digit date code?

This all reminds me of the ISO 9000 dictates that many businesses are being forced to subscribe to in order to do business with GLOBAL government agencies. To do business, you must meet very rigid standards that are said to be for QUALITY ASSURANCE.

This book is now out of print and probably not available, although Amazon Books does state they can try to order. The book did not really provide too much useful data to non-programmers and I'd recommend TIME BOMB 2000 over this. The answer I've been seeking has been found. I'll continue my open mind but certainly believe this information to be significant considering how Y2K fits into my rant that "a multitude of emerging events will culminate into one heck of a grim situation."

encourage massive food hoarding, withdrawing money from banks, or developing a frantic dooms-day mind-set over Y2K, this would be dishonouring to God and would show lack of faith in Him. He holds the future!

COST of [2 X90m] tapes posted - \$10 the set, with documents to update North's findings, which include the item re "11 years" possible solution.

===== NOTE:

The Antichrist in the Bible is said to seek to change "times and seasons." If the Y2K problem can be changed by making a completely different calendar, then this prophecy will be fulfilled! The old Julian calendar may come back as our global season and time calendar, replacing our present Gregorian? Could this occur, brought in to avert the blackouts caused by the date 2000?

p.4...INSTEAD OF RIDICULING PEOPLE WHO ARE concerned about this computer bug, which can have serious effects all over the world, you could have asked the Big Names about the progress their companies have made on the Y2K bug. Can they give us written assurances that their computer systems are ready for 2000? Or will it be the big mess a lot of people expect?

p.5...I WAS DISAPPOINTED THAT YOU ADOPTED such a lightweight approach to the Y2K problem. Your report gave too much space to the antics of alarmists and too little to substantive information. I am not particularly interested in apocalyptic millennialist conjecture, I want the facts - and educated opinion about their implications. How likely is it that key institutions - particularly electricity suppliers - will achieve Y2K compliance by 2000? Please get back to sober reporting and leave the dismissive raillery to other publications.

### G. McDONALD. [USA/AUST.]

"The electric power grid is a complex, highly networked entity, whose elements are highly interdependent. A by-product of [this] is the potential for a cascading power failure. When transmission capacity is unexpectedly lost, generation must immediately be taken off-line; otherwise, the generator's output will reroute and overload remaining transmission lines. This creates "voltage oscillations" that will ripple through the power grid. Unless corrective action is taken, these oscillations can pull down significant portions of the electric power grid. Report from the National Communications System [NCS]

... Another not so widely known dependency resides in the Global Positioning Satellite system GPS. A signal from the satellites is used to synchronize the "phasing" of electrical power. If the regional centers are not able to access this shared source they will again disconnect from each other to preserve and protect.

On August 22, 1999 the GPS system clocks will roll over to week 0000. If the ground-based receivers are not compliant, and many are not, they will not be able to share this data and coordinate their efforts...."

===== p.6...OH, NOW I SEE. THE "STORY" ABOUT Y2K isn't the billions of defective codes in mainframe computers or the 25 billion to 50 billion embedded chips. The blame doesn't go to shortsighted programmers or managers who procrastinated until it was too late to fix the problem, or to a government that knew about the Y2K situation in 1995 but did little about it until 1998. The real issue with Y2K is American Christians who see serious potential problems and are making rational preparations. What an interesting spin!
