

MISSIONARY SUPPORT LEAFLET

We are including this leaflet with our March 2011 magazine to encourage our subscribers to support what we see as genuine ministries in

MYANMAR, INDIA & SRI LANKA.

We have asked for support and given information at various times regarding **DON GALLOWAY**'s work in **Myanmar and India**, and this was acknowledged by him, so he will not be known to our subscribers.

He is going again in late March, this may not be ready before he goes, but he will need continued prayer and support even if late.

We have not included our **SRI LANKAN** husband and wife team previously because of the severe persecution of the believers in this country, and cannot give publicly there the full names. They did say they would post photos to us, which we have not yet received. We have been sending Despatch & various booklets free of charge to Sri Lanka for a few years now and we have a few times sent a parcel of approx. 15-20kg of the booklets we publish, so they can distribute, to help others to grow in the knowledge of the Truth

for these Endtimes, and they have written many times thanking us for this needed encouragement. But during the last floods there and previously they have asked for clothes etc. but we have not been able to give as we are only on pensions ourselves

A new missionary contact

SISTER RAJAMANI MYLABATHULA

of India, has been detailed to some extent in this leaflet.

We can not guarantee the quality of her work or her basic doctrines more than we can for the Sri Lankan team, (they have appeared to have agreed with all our material over the time of association). But we have search the internet where Sister Rajamani has been interacting, and the website for "**christian-charities-non-profits-and-philanthropies**" has Sister Rajamani listed as legitimate, and also she has much interaction with others on the internet about her stand for Christ.

We ask you to come before the Lord with these **THREE ENDEAVOURS** and ask for His guidance as to what help you can give them over and above keeping them in prayer constantly. **CONTACT DETAILS:**

Inside this leaflet

*My hearty greetings of love grace and peace
to all of you your blessed family your friends your
well wishers your staff and all in the most
precious name of our lord and Savior Jesus Christ*

Dear sisters,

As being a Bible woman, filled with the love of God I want to shared the love of the our lord with you. JOHN 15:12, 1JOHN5:3, HEB 13:15.

Jesus wanted us to have true intimate relationship with consideration. After the demise of my husband I have been taking care of

- four congregations,
- an orphanage
- and a widow home.

Our congregations which are at a radius of 2 to 5 kms .I alone can go to teach the message of gospel on foot. My life aim is to save many souls in advancement of the Kingdom of our Lord. Frankly I do not have any financial assistance from anywhere. Being a widow woman servant of God who can show sympathy towards me? In spite of all the difficulties have been regularly teaching the good news of the message of salvation door to door and to visit hospitals to pray for the sick. Many hearts are stirring and coming to the feet of our lord.

Dear beloved sisters I am regret to inform you that recently some of the male Christian pastors were forced

to come to our poor congregations and threatened me not to organize

- revival meetings,
- Sunday worship meetings,
- night meetings
- and women fellowship meetings
- etc.,

They also warned me that the woman is not entitled to teach and preach the gospel. I humbly requested them to show the scriptures where the woman is found not permitted to teach the gospel .But they are unable to prove according to scriptures. I respect the male pastors some of the selfish pastors made conspiracy against me. Scriptures say that every one has great commission to declare the truths of God in this dispensation.

(CHURCH AGE/GRACE PERIOD)

GAL 3:28; JOHN 4:25-29,
ROM 16:2,12; JUD 4:4-9.

Being a poor widow woman servant of God my heart has broken down and diminished.

Dear beloved sisters, after the demise of my husband I have been facing immense problems to feed our destitute children and widows. We are all in a most help less state. In addition to the entire burden of gospel work and compassionate activities laid on my shoulder. Sister I tearfully beg all of you please unite me into your stewardship and send your generosity for the growth of lord's work and compassionate activities I want to educate the poor children and eradicate poverty.

During natural calamities we distribute

- Blankets • Bibbie • Holy Bibles
- and other materials.

we need funding to make success of our efforts. If you really want to see the progress of Lords Work and compassionate activities please visit our country and deliver your wonderful messages to transform many souls for Christ. Let us rejoice and exalt our lord by spreading the word of God. Please pray God to prevail peace on earth

Please do pray for our Lords vital services our poor family orphans and widows

Here we are all fervently praying for all your endeavors. Your humble and poor widow sister in Christ (SIS.M.RAJAMANI)
